

Der Markt für Projektentwicklungen in den deutschen A-Städten 2021

- » Real Estate Developers Study for the German A-Cities 2021
- » Report + Excel List¹ (both in german language)

For the 15th time **bulwiengesa** has analysed the market for real estate developments in the German A-cities Berlin, Düsseldorf, Frankfurt am Main, Hamburg, Köln, München and Stuttgart. On the basis of more than 5,000 individual developments (of which approx. 3,000 are available as an Excel list¹), the structure and volume of the developer market was analysed and evaluated city by city. The focus is on office, residential, retail and hotel uses. Based on extensive lists, a detailed market overview of the players and their developments is provided.

For any questions about the content of the study please contact Ellen Heinrich (+49-89-232376-33, heinrich@bulwiengesa.de).
